

# Amoove21

## INFO LETTER

Co-funded by the  
Erasmus+ Programme  
of the European Union

### ABOUT AMOOVE21

Amoove21 is an Erasmus+ KA2 project which brings together students and professionals from five Agricultural VET (Vocational Education and Training) colleges in the Netherlands, Finland, Sweden and Norway.

Amoove21 has created virtual assignments and transnational learning units within Livestock and dairy farming, Equine & horse management and Animal care.

The 3 main aims of Amoove21:

1. Implementing a sustainable network that offers transnational learning opportunities to VET Agricultural students.
2. Increasing teachers' international experience and professionalism.
3. Improving students' 21st century skills to make them attractive in the international labour market.

---

Livestock &  
dairy farming

---

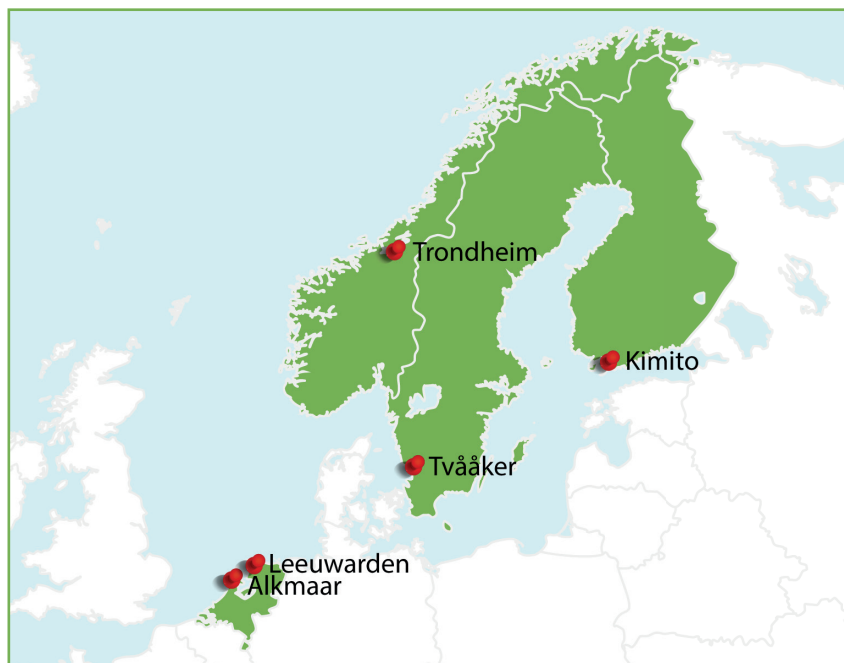

Equine  
& horse  
management

---

Animal care

## EXPECTED IMPACT

- Improved employability of European agricultural VET students.
- More teachers who have the skills to host and educate transnational students.
- Increased quality of European agricultural VET education programmes.
- Improved 21st century skills.

‘Amoove21 made teachers more aware of how they can share and develop teaching practices, online assignments and share ideas on a European level.’

‘Students are enthusiastic about meeting students from other countries and working on assignments together.’
